

GENERAL SAFETY RULES FOR PARTICIPANTS OF DRIFT TRACK DAYS / TRAINING AND COMPETITIONS IN THE 2026 SEASON, SIGNING OR AGREEMENT TO THE RULES IS IN FORCE FOR THE ENTIRE SEASON - FROM 01.01.2026. UNTIL 31.12.2026

IF YOU VIOLATE THE RULES OF THE DRIFT TRACK DAYS / TRAINING, THE ORGANIZERS HAVE THE RIGHT TO DENY YOU ACCESS TO THE FOLLOWING TRACK DAYS / TRAINING AND TO TERMINATE YOUR PARTICIPATION IN THE CURRENT TRACK DAY / TRAINING!!! IF THE DRIVER HAS NOT COMPLETED THE APPLICATION FORM FOR THE PRACTICE, THEREFORE CONFIRMING ACQUISITION AND ACCEPTANCE OF THESE RULES FOR THE 2026 SEASON, THE DRIVER MAY BE DENIED TO DRIVE ON THE TRACK DAY / PRACTICE.

Admission to the track day / training is allowed if the participant is familiar with these safety rules by reading this document, which has been published throughout the 2026 season in the closed drift group of Latvian drift, on the website www.driflatvia.com, and is available in the Sportity application in the Latvia drift section .

1. The participant confirms that his state of health allows him to engage in such sports activities, he is not under the influence of alcohol, drugs or any other intoxicating substances and, if necessary, agrees to a breath alcohol test. In cases where a participant refuses to take an alcohol test, he will not be allowed to participate in practice or drift day. The organizer has the right to refuse participation in the training at any time.
2. Passangers are allowed only for cars with a safety cage- roll cage
3. For cars without a roll cage passengers are allowed with a separate permission from the organizer, after evaluating both the track specification and safety, as well as the driver's abilities on the track. There may be cases where cars without a roll cage are allowed to take passengers, but then tandem rides may not be allowed. In cases where passenger rides is allowed, additional rules are announced to drivers before each specific training session.
4. The driver assumed full responsibility for his passengers, for their state of health, for whether they are wearing seat belts, for observing all safety conditions, for having a helmet. If the driver himself violates the safety rules, he is given a warning the first time, and access to training is denied the second time. If safety is violated by a passenger - a warning is issued the first time, access to training is denied the second time. The driver's passenger must be fully aware of the risks to their health when sitting in a sports car on a race track.
5. The use of a helmet is mandatory. The helmet must be buckled. The use of a safety helmet is mandatory for the passenger.
6. Participants and their passengers wearing floating clothing or floating clothing accessories, which may endanger the safety of the participant and/or passenger during the run, are not allowed on the track. Clothing must be closed, closed shoes, no short-sleeved shirt and short shorts. There should also be no clothes made of nylon or other flammable fabrics.
7. It is forbidden to walk on the track.
8. The participant is familiar with the meaning of signal flags and/or light signals.
9. Deliberately stopping on the track, deliberately ramming other participants, as well as deliberately crashing into the safety barriers of the track are categorically prohibited.
10. It is strictly forbidden to leave your sports car while there are other cars on the track, unless there is a danger of the car catching fire!
11. Mutual competition between training participants is prohibited.
12. If the car has technical problems, it must be driven to the side of the track immediately. If this is not possible with a raised hand, you should inform the track official and wait for his instructions.

13. If the safety rules are not observed on the track, the head of the practice vent has the right to issue a warning and, in the event of a repeated violation, prohibit further participation in the practice session. In these cases, the payment for the training is not returned.
 14. The training participant confirms that he is fully aware of the possibility of all kinds of risks.
 15. Every driver who participates in training is fully aware of all risks and is responsible for what is happening on the track, his car, its technical order and preparation for training, as well as his own health.
 16. Training organizers and the starting judge have the right to prohibit the driver from driving with the passenger, even if the car has a roll cage. The ban will be based on how the organizers assess the driver's stability and driving safety on the track.
 17. It is categorically forbidden to drift outside the territory of the training track, as well as to drift, burnout on the spot in the participants' park and in the track. No drifting beyond the designated practice drift track configuration.
 18. It is forbidden to drift during the crossing from the participants' park to the start, as well as to exceed the speed specified in the annual regulations of the Latvian Drift Championship. If the driver violates these rules, he is given a warning, in the case of a repeated case, a penalty is applied in connection with the official annual regulations of Latvian drifting.
 19. It is allowed to move through the participants' park at a maximum speed of 10 km/h.
 20. Do not leave garbage behind, if there is garbage left in the place where the training participant stood, the organizers have the right to refuse participation in the next training session. Carpets under the cars must be used in the participants' park.
 21. It is strictly forbidden to pass everyone who is standing in line at the start in order to get to the track faster.
 22. It is forbidden to drive with open side windows and an open hatch.
 23. It is forbidden to go arbitrarily on the track without the permission of the starting judge. It is forbidden to start driving if the starting judge has turned his back.
 24. If drifters want to ride in tandem, a clear signal must be given, through the side window - a start guy must be shown that you will ride in tandem.
 25. When you are in the line-up (starting area), you must be ready to start, buckle up and wear a helmet, so that there is no delay before the start itself. Line up in the starting area, smoking is strictly prohibited.
 26. All track day / training participants must provide a carpet under the car as well as a fire extinguisher in the pit area, in detail. In the annual regulations for the 2026 season.
 27. It is forbidden to squeal tires on the territory of the track.
 28. It is forbidden to arbitrarily change the determined driving direction, configuration and stop on the track without a valid reason
 29. Reminder - OCTA car insurance DOES NOT WORK on the track!
 30. Kasko policy is valid on the track only if it is made accordingly for extreme driving in track for a sport car.
 31. Training participants make a donation for participating in the competition.
 32. By signing the training rules, the driver agrees that he may be filmed or photographed during training, and that afterwards the photos or videos may appear on social networks.
 33. The driver is forbidden to enter in chase line every time he is in the Line-up zone, so as to drive only the chase runs, the sharing principle must be followed, one time lead, one time chase. This will also be followed by the starting judge. If information is received from the starter that someone is delaying the line on purpose in order not to follow rule- LEAD AND CHASE, the organizers have the right to refuse participation in the training.
 34. The driver, by signing the training rules, confirms and agrees that the organizer can use the obtained data for his own needs, for holding drift training, until December 31, 2026.
 35. If a participant has applied for training two times in a row, but has not arrived, the organizer has the right not to accept registration from this participant, or to require prepayment.
- Training rules are prepared on page 2.
