

## DRIFT JUDGES

### Latvian Drift Cup and Latvian Drift Championship, Baltic Drift championship 2023

This paper is about Latvian drifting judges –in the Latvian Drift Championship, Latvian Drift Cup, Baltic Drift Championship, and other international drifting series who take part in Latvia and Baltics. These judges could be:

- 1) approved from the LAF committee(ASN) of drift in Latvia and drifting work group;
- 2) drift judges at least in 5 Latvian drift rounds from the year 2013;
- 3) new drift judges, who have been accepted from the drifting work group and have participated as drift trainees and watched judge's work at least in 2 rounds;
- 4) drift judges from Lithuania or Estonia, authorized from the main drift representatives from that country;
- 5) Latvian Drift Cup's or Latvian Drift Championship's driver with the confirmed driver's license from the year 2018;
- 6) Authorized drift judges from other drifting series, who have been recommended from another international drift representatives.

Estimate judge could be a person who adheres to any of the points mentioned in the list above, and is able to do the drift competition's judging in the season 2023, and has approved from the committee of Drift, in case, if the drift judge's license has not been issued.

Drift judge's licenses are issued based on the application that the drifting work group submits to the LAF (Latvia ASN) at the beginning of the new season.

Drift judges, who have received the drift judge's license in the season of the year of 2023, can judge only LAF or other ASN approved and coordinated drift championships, cups, races. Illegal, in coordinated drift championship's judging (except drift shows and promo competitions, with the agreement from the drifting work group, which accepted from local ASN) is not allowed, and the drift judge will receive a warning or lose the license.

Drift judges evaluate the competition based on the document "Drift judging criterions – season 2023", add no.3.
